So we have decided to start this project for Sri Lankans in Australia called Sri Lanka Directory. This is becoming an important source for most Australian Medias and other communities in Australia to retrieve Sri Lankans' contacts which is one of our objectives.

Yes. We have launched Sri Lanka Directory on 31st March 2010 at Temple trees, Colombo by handing over to the H.E President of Sri Lanka Hon. Mahinda Rajapaksa. We must be so thankful to our President for his magnificent leadership to relief our country from war which we suffered for more than 30 years. And also appreciate his and government contribution to developing our mother Sri Lanka as a 1st world country. We, Sri Lankans in Australia do trust his Mahinda Chinthana and the mission to uplift Sri Lanka and I would like to wish H.E the President of Sri Lanka for the development strategies. We are so happy and proud to say our first edition handed over such leader with pure love to Sri Lanka and Sri Lankans.
